Analysis Prepared by the Wisconsin Department of Transportation

Statutes interpreted: Subchapter VI, Chapter 343, Stats.

Statutory authority: Subchapter VI, Chapter 343, Stats.

Explanation of agency authority: The Department licenses driver training schools and instructors that teach driver's education for a fee. High schools or technical colleges that teach driver's education as part of their regular school program and businesses that provide instruction in the operation of motorcycles are excluded.

Related statute or rule: ss. 343.60 to 343.72, Stats., and ch. Trans 105

Plain language analysis: The purpose of this rule making is to amend ch. Trans 105 to comply with 2005 Wisconsin Act 397. This new law made many substantial changes to the driver schools statutes. Some of the changes include:

- Eliminating the requirement that schools maintain permanently bound books for recordkeeping.
- Implementing a system of progressive enforcement to take action against driver schools or instructors that have violated the law or have compiled multiple substantiated consumer complaints.
- Allowing driver schools to participate in the Cooperative Driver Testing Program, which allows schools to administer the knowledge and signs tests to their own students under the age of 18.
- Requiring driver schools to file a bond with the Department, and maintain a liability insurance policy in the amount established by rule.

Summary of, and preliminary comparison with, existing or proposed federal regulation: None.

Comparison with Rules in the Following States:

Michigan, Iowa, Minnesota, and Illinois have rules relating driver schools, driver school instructors and course content for young drivers to complete driver's education prior to licensure. The rules are similar to this proposed rule.

Summary of factual data and analytical methodologies used and how the related findings support the regulatory approach chosen: A telephone survey was

conducted of a sample of driver schools currently conducting business. Responses were compiled, and are shown below. There are approximately 180 driver training schools statewide.

Analysis and supporting documentation used to determine effect on small businesses:

Fiscal impacts:

1. New bonding requirement will cost approximately \$200 per year. Vehicle inspections will increase costs slightly.

2. The new bonding requirement will increase costs, but not substantially. The bond will likely be added to the school's current insurance policy.

3. The new bonding requirement will increase costs. The total amount of the increase is unknown, although the bond will likely be added to an existing insurance policy.

Workload impacts:

1. Some of the changes in ch. Trans 105 will decrease workload, such as removing the requirement that records be kept in a permanently bound book, and lengthening the renewal cycle to two years. The workload reduction will be offset by other changes, such as additional workload required to participate in the Cooperative Driver Testing Program.

2. No workload impact.

3. No change in workload expected. May have a slight decrease.

Other comments:

1. This will make driver schools operated in the State of Wisconsin more professional, and the changes are welcome.

2. Allowing driver schools to participate in the Cooperative Driver Testing Program is a positive for both students and schools. The changes made in the proposed rule are good. Schools that are in compliance that run a quality business will not have a problem.

3. Driver schools must be allowed to operate home-based offices to remain in business. (Note: the proposed rulemaking still allows driver schools to have home-based offices).

Effect on small business: Most driver schools are small businesses, and are already regulated by the Department. This rule making changes how the Department regulates driver schools. The Department's Regulatory Review Coordinator may be contacted by e-mail at andrew.ruiz@dot.state.wi.us, or by calling (414) 438-4585.

Fiscal effect and anticipated costs incurred by private sector: The Department estimates that there will be no fiscal impact on the liabilities or revenues of any county, city, village, town, school district, vocational, technical and adult education district, sewerage district, or federally-recognized tribes or bands. The Department estimates that there will be no fiscal impact on state revenues or liabilities. The private sector should not see an increase in costs. Allowing students to take the knowledge and signs test at the driving school, instead of DMV, should decrease travel costs and time away from work for parents.

Agency contact person and place where comments are to be submitted and deadline for submission: The public record on this proposed rule making will be held open until close of business August 15, 2006 to permit the submission of comments in lieu of public hearing testimony or comments supplementing testimony offered at the hearing. Any such comments should be submitted to Erin Egan, Department of Transportation, Division of Motor Vehicles, Room 255, P. O. Box 7911, Madison, WI 53707-7911. You may also contact Ms. Egan by phone at (608) 266-1449.
